## Future RN looking for full-time opportunities

I have a bachelor's degree in Biology as well as my certification to be a CNA in Maryland. I am CPR-certified and am working towards becoming an RN in the labor and delivery unit or NICU. I am looking for jobs that will give me the opportunity to grow and experience the field as well as obtain important skills that will help in my future career as an RN.

## Work Experience

### CNA — Certified Nursing Assistant

Cherished Hands Home Health LLC • Germantown, MD | January 2021 – July 2021

- Provide careful, caring assistance to clients
- Monitor vital signs and aid with ADLs
- Caring for clients with varying needs
- Work with mechanical lifts

### Image Library and Database Manager

Axway Software/AnyArt Solutions • remote | March 2015 – present

- Research and process stock images to meet specific branding requirements
- Manage Junior Designers and interns
- Organize and manage the icon database

### Veterinarian Technician

Poolesville Veterinary Clinic • Poolesville, MD | May 2019 – August 2020

- Comfort and restrain pets while veterinarians or veterinary technicians perform procedures
- Administer medications to pets and fill prescriptions
- Become Pro Heart 6 certified
- Perform a variety of other tasks to assist veterinarians and help keep clinic organized and running efficiently

## **Athletic Events Staff Member**

Salisbury University • Salisbury, MD | August 2016 – December 2019

- Serve one of the most successful collegiate athletic programs in the nation
- Facilitate suite rental operations and ticket sales for VIP program donors during NCAA events and other large-scale occasions
- Manage new staff members

## **Research Assistant**

Smithsonian Tropical Research Institute | June 2019 – August 2019

- Researched multimodal communication, as well as sexual selection and cognition in the túngara frog, which will be featured in upcoming scientific publications
- Constructed a next generation sequencing library and performed Double-Digest Restriction Associated DNA Sequencing (ddRADseq) and analysis of over 450 SNPs collected from 250 túngara frogs
- Operated bioinformatics programs such as STRUCTURE and GENEPOP as well as the Microsoft Office Suite
- Present research to undergraduate genetics classes

## **Animal Husbandry Intern**

Delmarva Discovery Center • Pocomoke, MD | June 2019 – August 2019

- Create a healthy environment for animals such as otters, reptiles, amphibians, and invertebrates that encourages successful growth and development
- Handle and observe the behavior of the animals at the museum, as well as educate visitors about the different species
- Assist in training of native river otters

## **Student Researcher**

Salisbury University Cell Biology Department • Salisbury, MD | January 2018 – May 2018

- Purified recombinant human dihydrofolate reductase then executed sodium dodecyl sulfate -polyacrylamide gel electrophoresis (SDS-PAGE)
- Conducted cell fractionation and fixed-time assays
